

Before, and after

Before

the coordinator, by hand

The participant arrives

nothing collected until now

Go through the list together

in the room, from their memory

30-60 min

Enter it into the record

whatever was recalled, is the record

ReconMed

the record, live

● live

the record is already loaded

the call

Add

Modify

Stop

review, not interview

the work is already done

Asked days earlier, while there is still time to check a bottle.

Reconciliation duration: AHRQ, *Patient Safety and Quality*, per admission.
